**COMPLIANCE ORDER NO. DER-18R-008
AMENDMENT 01 TO COMPLIANCE ORDER**

Enclosed is Amendment 01 to Compliance Order No. DER-18R-008 (hereinafter "Order") issued to the Bloomingcamp Water System (hereinafter "Bloomingcamp"), public water system. Please note there are legally enforceable deadlines associated with this Order.

For any future enforcement action, Bloomingcamp will be billed at the Stanislaus County Department of Environmental Resources' (hereinafter "Environmental Health") weighted labor rate, currently \$116 per hour, for the time spent on issuing this Order. California Health and Safety Code (hereinafter "CHSC"), Section 116577, provides that a public water system must reimburse Environmental Health for actual costs incurred by Environmental Health for specified enforcement actions, including preparing, issuing, and monitoring compliance with an order.

In addition, CHSC, Section 116650, provides that a public water system may be issued a citation with a penalty in an amount not to exceed one thousand dollars (\$1000) per day for each day that a violation occurred, and for each day that a violation continues to occur. A separate penalty may be assessed for each violation and shall be in addition to any liability or penalty imposed under any other law.

Any person who is aggrieved by a citation, order, or decision issued under authority delegated to an officer or employee of Environmental Health under Article 8 (commencing with CHSC, Section 116625) or Article 9 (commencing with CHSC, Section 116650), of the Safe Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4), may file a petition with the State Water Board for reconsideration of the citation, order or decision.

Petitions must be received by the State Water Board within 30 days of the issuance of the citation, order, or decision by the officer or employee of Environmental Health. The date of issuance is the date when Environmental Health mails a copy of the citation, order, or decision. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day by 5:00 p.m.

Information regarding filing petitions may be found at:

http://www.waterboards.ca.gov/drinking_water/programs/petitions/index.shtml

If you have any questions regarding this matter, please contact Rachel Riess at (209) 525-6720 or me at (209) 525-6700.

Sincerely,

A handwritten signature in blue ink, appearing to read 'K. Quinn', with a long, sweeping horizontal line extending to the right.

Karl Quinn, REHS
Environmental Health Manager

Enclosure (1)

Certified Mail No. 7014 3490 0001 6849 4781

cc: Bhupinder Sahota, Stockton District Engineer, State Water Board

A) Bloomingcamp is further directed as follows:

DIRECTIVES

A-1) Prepare, by use of a professional civil engineer registered in the State of California with experience in water supply engineering, for Environmental Health review and approval, and prior to implementation, a Technical Memorandum identifying options to correct Bloomingcamp's water quality problem (violation of the nitrate MCL). The Technical Memorandum, at a minimum, shall address the five options (new well, consolidation, conventional treatment, Point-of-Entry treatment, and Point-of-Use treatment) and recommend which of these options is best suited for Bloomingcamp.

A-2) On or before May 10, 2019, submit the Technical Memorandum, required under Directive A-1, herein above, to Environmental Health at Environmental Health's office, located at 3800 Cornucopia Way, Suite C, Modesto, CA 95358.

B) Delete Directive 6 and replace with the following:

"On or before May 10, 2019, submit the Corrective Action Plan, required under Directive No. 5, herein above, to Environmental Health at Environmental Health's office, located at 3800 Cornucopia Way, Suite C, Modesto, CA 95358.

Except as amended herein, all other terms of Compliance Order No. DER-18R-008 shall remain in full force and effect.

FURTHER ENFORCEMENT ACTION

The California Safe Drinking Water Act (SDWA) authorizes Environmental Health to: issue a citation or order with assessment of administrative penalties to a public water system for violation or continued violation of the requirements of the California SDWA or any regulation, permit, standard, citation, or order issued or adopted thereunder, including, but not limited to, failure to correct a violation identified in a citation or compliance order. The California SDWA also authorizes Environmental Health to take action to suspend or revoke a permit that has been

1 issued to a public water system if the public water system has violated applicable law or
2 regulations or has failed to comply with an order of the State Water Board, and to petition the
3 superior court to take various enforcement measures against a public water system that has failed
4 to comply with an order of Environmental Health. Environmental Health does not waive any
5 further enforcement action by issuance of this Order.
